Improve your business with

Integration with e-commerce platforms

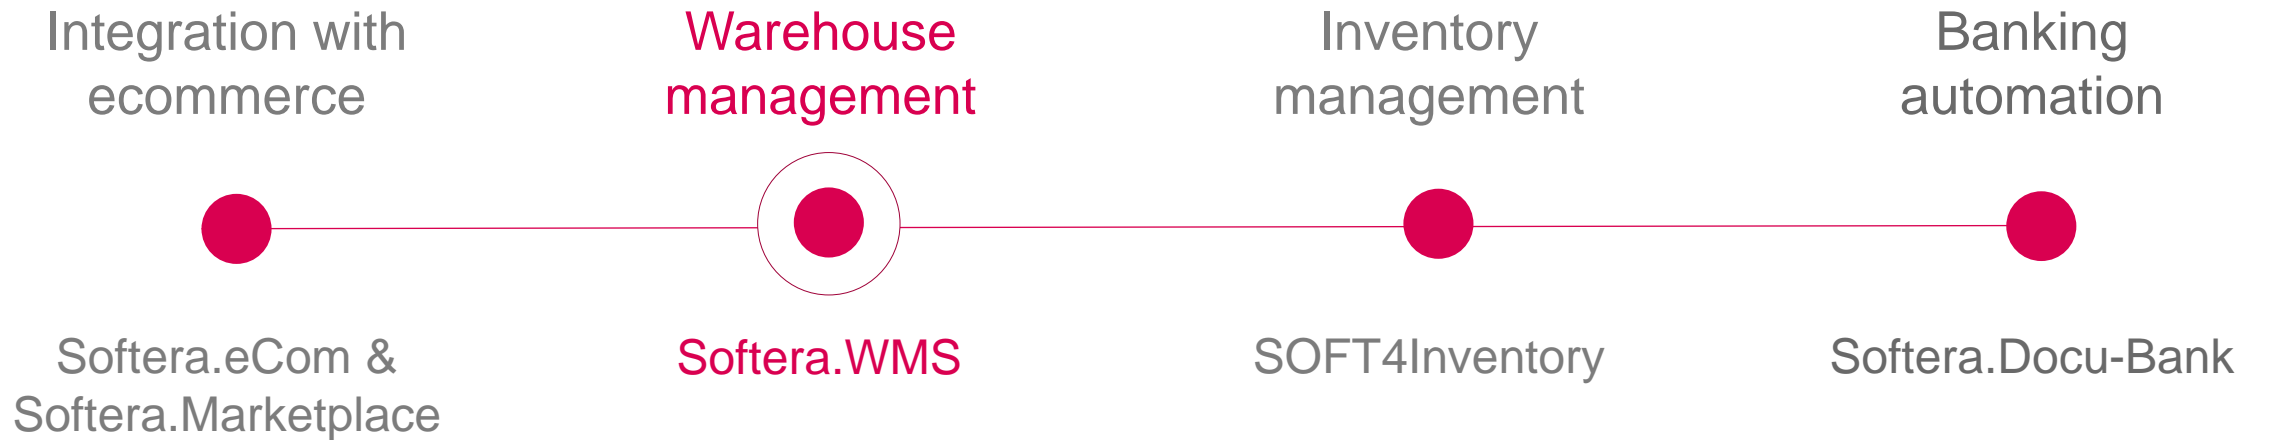

- Automatic exchange of all e-commerce data
- Centralized information – less manual work and errors
- Re-stocking control
- Automatic order status updates – better shopping experience

Available on
Microsoft AppSource

Most useful for: BC users that sell on eshops or marketplaces.

Improve your business with

Warehouse management

Softera.WMS

- Full warehousing cycle automation
- 5-25% better storage usage
- 20-30% increased worker productivity
- Up to 30% more accurate and faster order handling

Most useful for: trade or manufacturing companies with own warehouses for inbound or outbound operations.

Improve your business with

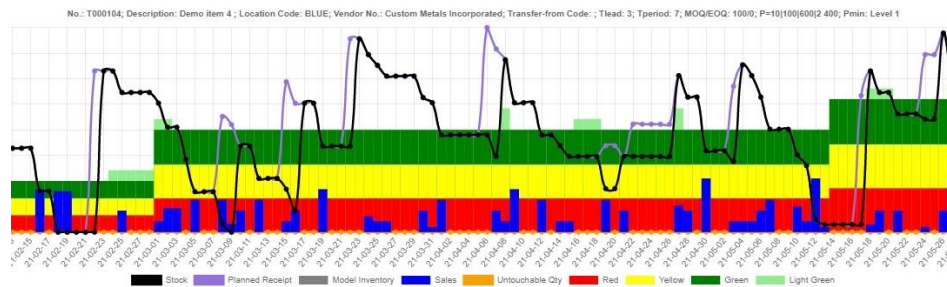

Demand-driven inventory management

SOFT4Inventory
